

ADI PATIL

Lead UX Designer

adiconnects2@gmail.com | (660) 441-5770 | linkedin.com/in/adi-patil

SUMMARY

Lead UX Designer with 8+ years of experience designing and scaling digital products across travel, e-commerce, and enterprise platforms. Led a rental car booking redesign that increased mobile conversion by 55.93%, backed by user research and usability testing, and shipped a self-service cancellation flow that cut call center volume by over 700 calls a month. Builds design systems, mentors designers, and collaborates cross-functionally with product and engineering leadership to ship measurable results.

SKILLS

Leadership: Design systems, workshop facilitation, design mentorship, cross-functional collaboration, stakeholder alignment, design process standards

Design & Research: Product design, UI design, UX research, user interviews, usability testing, information architecture, interaction design, wireframing, prototyping, user journeys, content strategy, A/B testing

Visual & Creative: Visual design, animation, illustration, storyboarding, photography

Tools: Figma, Claude, Sketch, Adobe XD, Photoshop, Illustrator, After Effects, HTML/CSS, JavaScript

EXPERIENCE

Costco Travel, Seattle, WA

Lead UX Designer

Aug 2022 - Nov 2024

- Directed the design system initiative end to end: facilitated stakeholder workshops with leadership and mentored a team of junior and mid-level designers to build cross-org buy-in and adoption.
- Established design processes and documentation for cross-team handoffs, improving collaboration across design, product, and engineering.

Senior UX Designer

Aug 2021 - Aug 2022

- Redesigned the rental car mobile booking flow, driving a 55.93% increase in mobile conversion, a 100% task success rate, and a 4.7/5 ease-of-use score in usability testing.
- Designed and shipped a self-service airline credit cancellation flow, cutting call center volume by over 700 calls a month and moving 74% of cancellations online.

Amazon, Seattle, WA

UX Designer

Jul 2019 - Nov 2020

- Created and shipped multiple product features end to end, aligning design decisions with business goals and maintaining a consistent design vision across the product.
- Developed new components for the design system, extending reusable patterns adopted across product teams.
- Conducted user research studies with customers across North America and the EU, translating findings into actionable design concepts.
- Collaborated with product and engineering leads on iterative design solutions that balanced business and customer needs.

Know Yourself Inc, Oakland, CA

UX Designer

Jan 2018 - Jun 2019

- Designed ecommerce product pages to showcase the toy product line, organizing merchandising and product details into clear, shoppable layouts.
- Developed checkout flows for both individual customers and wholesale buyers, accounting for different pricing tiers, order minimums, and account needs.
- Managed end-to-end research projects: defined goals and scope, developed test plans, recruited participants, moderated sessions, and reported findings and recommendations.

Shopathome.com, Denver, CO

Front End Developer

Oct 2016 - Jan 2017

- Coordinated with engineering to design and prototype an AI chatbot concept for online shoppers.
- Achieved first place for Design in a company-wide hackathon.
